Dear Mr. Herberick:

Thank you for your letter of April 17 and your invitation for me to address the National Industrial Conference Board.

It is a pleasure to accept your invitation on a tentative basis and the October meeting seems the better time at the moment from my standpoint. I shall expect to hear further from you on details as the time approaches.

I greatly enjoyed meeting with the OSS group last week and am happy to know that my remarks were so well received.

Sincerely,

SIGNED
